LODGESONS 
PUTTING YOU IN CONTROL

Lodgesons R200 Wireless Keypad Controls

We offer a choice of soft touch, quick release, ergonomic lollipop or steering ball grips. Your keypad will control the functions in the same way as your cars own controls and therefore functions may vary slightly from car to car and to those listed below.

Which functions can I have?

	R207	R210	R213	R213+Lights

What the industry is saying...

"The Lodgesons R200 range offer an unrivalled quality of product combined with good technical support. This is why we choose only to offer the Lodgesons wireless keypad controls on our installations"

Jeff Gosling Hand Controls - The UK's leading manufacturer of driving adaptations

"The R200 systems are very popular with our customers especially the CAN-based systems which are very easy to install. It's a pleasure to work with people who have incredible technical expertise and an eye for customer requirements"

Ingo Berberich, Technical Director, Mobilcenter Zawatsky GmbH, Germany

"The R200 is the most reliable and highest quality system available on the market"

Geir Stokker, Product & Training Manager, ETAC, Norway
